

Formula Ford 1600 For Hire

Steve Hare's championship winning Van Diemen RF81 is available for hire in 2011 for Classic Formula Ford and other eligible races such as Northwest FF and the Walter Hayes.

The car is in immaculate condition, no expense has been spared on its preparation by Universal Racing Services. It underwent a full rebuild in 2004 and has twice won best prepared Class A car.

In 2006 the car was entered into its first full season in the Classic Series and won the title with four wins, three seconds, two thirds and one fourth. It also made it to the Grand Final of the Walter Hayes Trophy. From 2007 to 2009 car and driver took a sabbatical but in 2010 the RF81 was again prepared by Universal Racing Services, and competed in four Classic FF races scoring two wins, two seconds and four fastest laps. Put 'Classic Formula Ford Onboard' into YouTube to watch some great onboard video footage !

The RF81 is available for hire for single or multiple races either as an 'arrive and drive' or could be loaned to suitably experienced drivers. The full 'arrive and drive' package includes :

- Car delivered to the circuit fully prepped for the race meeting.
- Full support and running of the car at the meeting by highly experienced race mechanic.
- All consumables associated with running the car eg. tyres / fuel / oil etc.
- A copy of the onboard HD video of the time spent on track with feedback on the driver's technique and performance available from Steve if desired !

Hire charges for Classic FF meetings are **£695** for single race meetings and **£1095** for double header meetings. Please call Steve to discuss charges for testing or participating in other race meetings or a discount for doing a full season or unsupported races.

These prices are significantly less than anyone else is offering for Classic FF racecar hire – especially for one of this pedigree. The only additional costs the hirer will have are race entry fees and any required club memberships. No insurance for accident damage is included in these prices, the hire will be based on a 'bend it and mend it' agreement so the car is only available to individuals known by Steve or their friends.

Whether you are new to racing, fancy trying a Formula Ford for the first time or maybe already have but would like the opportunity to race one of the best available please contact Steve for more information on **07711 419021** or email pratibhaandsteve@hotmail.co.uk
